

INVITATION TO BID

INVITATION TO BID UPCOMING PIPELINE PROJECT:

O'NEILL RANCH WELL AND TREATMENT PLANT

CWO 10-001

Soquel, CA

PROJECT DESCRIPTION:

The work includes installation of a new well pump in an existing well, construction of the well head enclosure, construction of an iron and manganese removal facility consisting of pressure filters, reinforced concrete wash water recovery tank, all treatment plant site work, excavation and associated piping and appurtenances, electrical instrumentation and control systems.

The work also includes construction of 2100 feet of potable water transmission mains, 150 feet of sanitary sewer to connect to existing sewer manhole, and 100 feet of raw water discharge line to an existing creek on the north side of the project site

All work will be within Soquel. All potable water transmission main related work and plant work shall be performed while maintaining traffic along Soquel Drive throughout the duration of the project.

This project is subject to the requirements of Section 1770 et seq. of the California Labor Code requiring the payment of prevailing wages, the training of apprentices and compliance with other applicable requirements. District has on file at its main office access to prevailing rate of per diem wages to be paid to all applicable workers. The prevailing wage rate determinations on file with District shall be made available to all interested parties upon reasonable request during normal business hours. Prevailing wage information may also be obtained via the internet at: www.dir.ca.gov. This project is subject to other Labor Compliance Requirements of California Labor Code and contractors will be required to submit all required documentation as a prerequisite to progress and final payments.

Work will be done and progress payments made in cash in accordance with the plans and specifications approved by the Board of Directors on October 1, 2013 and the Standard Specifications and Standard Plans adopted by the Board of Directors August 2, 1994.

Work is located in Soquel, CA
